Premier Ductable Heaters

Proudly Made in the USA for over 60 years

These versatile heaters are great for small or large workspaces, renovation jobs, and any applications where low noise or an enclosed flame is important. Premier heaters can be used to provide heat or simple air circulation inside or be ducted in from the outside. Select from LP or easy-to-switch dual fuel models.

NEW!
Premier 40
40K BTU heater

Can heat a ~10,000 sq. ft. with a single 20 lbs propane tank for **~8 hours**

Comes with Thermostat, hose and regulator

- Versatile indoor and outdoor placement of heater
- **INCLUDES** thermostat, regulator and hose
- Quiet operation – 69 decibels equal to “classroom chatter”; OSHA website
- Direct-fired = 99.97% fuel efficiency
- High volume of air output for maximum heat distribution
- Dependable, electronic spark ignition
- Switch fuels easily with simple valve turn on dual fuel units
- Easy to transport
- Vent mode for circulation of air
- 100% test fired at our plant
- Tri-shield finish provides superior protection against abrasion and corrosion
- OPTIONAL 12' extendable ducting for 80 and 170 models (12" diameter)

Enclosed Flame for reduced clearances

Premier 40 40,000 BTU LP heater – Everyday \$899 **SALE \$659.08**
Premier 80 DF 80,000 BTU Dual Fuel - Everyday \$1319 **SALE \$1061.48**
Premier 170 DF 170K BTU Dual Fuel – Everyday \$1649 **SALE \$1486.19**
Premier 350 DF 350K BTU Dual Fuel – Everyday \$3538 **SALE \$3037.83**

Foreman 500 Indirect fired Ductable Heaters

Delivers Clean, Dry Heat and High CFM

- 500,000 Btu/h Dual Fuel **IN STOCK**, Oil/Diesel **SPECIAL ORDER**
- 2 – 12” outlets are standard, Duct able up to 100’ each
- Optional adapter for single 16” outlet, duct able up to 100’
- Air recirculation for increased efficiency and decreased fuel consumption
- Quiet burn with high CFM – the quietest large heater and 3,457 CFM
