NEED A 14" CUTOFF SAW?

IN STOCK!

\$950

The CP500 high-speed cut-off saw is destined to be an asset on any crew. It's fully designed with the user in mind to not only cut a smooth, fast track, but it's also fully equipped to handle the everyday performance of any jobsite with unrelenting durability and reliability.

FEATURES & BENEFITS

- Patented twin-air inlets and external rocker wheel keeps saw running clean and reduces debris being trapped in the filter
- The four-step easy start eliminates the hassle of a choke by simply turning the switch on, priming the engine, pushing the decompression button, then pulling the cord to start
- The electronic carburetor's electromagnetic valve eliminates the standard choke and half throttle start
